

Fundamentals of Glass-Lined Steel Seminar/Training

March 8-9, 2023

You are invited to attend a two-day seminar, hosted by De Dietrich Process Systems, that will cover all the essential information you need to know about glass-lined steel process equipment. The seminar will include **classroom and hands-on training** as well as a tour of the DDPS facility while manufacturing is taking place.

An experienced engineer will present the classroom portion and a service technician will give the hands-on portion of the seminar. A manual (via flash drive) will be provided for each participant. Upon request, time may be set aside for a discussion about your individual maintenance and/or process needs.

The seminar costs \$500 to attend, and space is limited. A \$500 deposit is required to hold your space. We will recommend a hotel accommodation with a discounted group rate. Breakfast, lunch and refreshments will be provided.

The seminar will take place **March 8-9, 2023** at our manufacturing facility:

De Dietrich Process Systems
246 McKinzie Road
Corpus Christi, TX 78410

The deadline to register is January 30, 2023, but **space is limited** so please respond and reserve your spot as soon as possible! To register for this event online visit:

www.ddpsinc.com/GLSeminar

or complete the registration form on the next page.

*Fundamentals of Glass-Lined Steel Seminar Itinerary**
